December 27, 2023

ABOUT OUR ARCHIVES

The American Martial Arts Institute maintains a library at its main office with records of rank promotions, events, publications, media coverage, photographs, and videos. These are in the form of photo albums, copies of our publications, preserved news articles, and digital files such as videos and photographs from events in our history. In 1998, the American Martial Arts Institute launched its first website. Since then, the website has undergone many updates to keep up with changing technology. Many of our school's events and history are recorded on this website; however, not all testing results are maintained online (although testing records are maintained at our school). Events prior to 1998, are kept at our school library. This webpage documents some of our school's history.

For more information visit AMAI-EagleStyle.com.
